Outreach Coordinator
Amy Dunphy

Outreach Coordinator Amy Dunphy and Kennel Technician Garland Gus made an appearance at a local elementary school. We talked about all the ways we can help our pets and be responsible owners!

Rowlett High School Student Council wanted to do something to help the community of dogs at the animal shelter. They took time out of their day to create toys for adopters to take home with their new furry friend. We are so grateful for the people who go the extra mile to help the animals!

Reunited and it Feels so Good!

This sweet little guy has been missing from his owner since March of 2017. A citizen found him wondering the streets and let us scan him for a microchip. The information went back to his true owner who has been missing him for far too long. The owner was nearly in tears and was so thankful of Officer Bernal for reuniting the family! Talk about some happy tails!

Canine Enrichment Class

Garland Animal Services partnered with South Garland Library for their 3rd class on animal care. This particular class covered canine enrichment with practical ways to keep your dogs busy during the day. There was a great turn out as 25 people came out to the event. Animal Services is excited to see what our future classes bring to the Garland community!

About 30 dogs left the shelter to find their forever homes with our friends up in the Pacific Northwest! We are so incredibly happy to see all our sweet animals leave on the biggest road trip of their lives! Thank you to all the volunteers who were able to make this happen!

MEET JUICE THE GOOSE

Officer Luna received a call about an injured goose from a local golf

course. After locating Juice the Goose, Officer Luna was able to see that the bird had an injured foot and could not stand. Thankfully a wildlife facility was able to take the goose for rehabilitation. Team work really does make the dream work!
