

gp&L  
**EnergySaver**  
PROGRAM

**As a Garland Power & Light customer, you can reduce your energy consumption, save money on your monthly electric bill, and receive a generous utility bill credit for qualifying energy efficiency upgrades by participating in the EnergySaver Program.\***

## Air Conditioning Program

GP&L's EnergySaver Program offers utility bill credits **up to \$800\*** for the installation of:

- High-Efficiency Central Air Conditioning
- High-Efficiency Central Heat Pump
- ENERGY STAR® Window Units

The credit amount is directly related to the efficiency and type of replacement unit.

## Wholehouse Weatherization Program

Any one or a combination of these energy-saving upgrades may qualify you for a utility bill credit of **up to \$500\***:

- Ceiling Insulation
- ENERGY STAR® Windows and Doors
- Window Solar Screens and/or Film
- Duct Replacement or Duct Sealing
- Weatherization to prevent air leaks

## Commercial Lighting Program

A utility bill credit is available to GP&L commercial customers who install high-efficiency lighting. The program offers a \$100 credit per kW reduced, up to a 200 kW maximum.\*
