CONSENT AGENDA

All items under this section are recommended for approval by a single motion of Council, without discussion. Council has been briefed on these items at a previous work session and approval of the consent agenda authorizes the City Manager to implement each item. The Mayor will announce the agenda and provide an opportunity for members of the audience and the City Council to request that an item be removed and considered separately.

1. Consider approval of the minutes of the February 7, 2012 Regular Meeting.
2. Consider approval of the following bids:

Fleet Fuels

Bid No. 2783-12

Douglass Distributing Company \$5,200,000

This request is for a term contract to secure long-term pricing and supply for fleet fuels to be utilized by various City departments in daily operations. A fleet fuel contract was previously awarded to Martin Eagle Oil Company through an interlocal agreement with Tarrant County. Due to unfavorable market conditions, Martin Eagle Oil Company submitted a written request to terminate their contract with Tarrant County and the remainder of the contract was awarded to the secondary supplier, Douglass Distributing Company.

3. Public hearings were previously conducted for the following zoning cases. Council approved the requests and instructed staff to bring forth the following ordinances for consideration.

a. Zoning File No. 11-01, Rita Segovia

Consider an ordinance amending the zoning laws of the City of Garland by approving a house conversion for Sunday School classes on property zoned Single Family-7 (SF-7/G/3) District on a 0.16-acre tract of land located at 409 Freeman Drive.

The required enforcement period will be March 2012 – September 2012.

5. Consider a resolution providing for the redemption of certain outstanding City of Garland, Texas, Tax Notes, Series 2011; and resolving other matters incident and related to the redemption of such obligations.

At the February 6, 2012 Work Session, Council considered authorizing the early redemption of \$5,400,000 of tax notes on March 1, 2012. At the time Council approved the issuance of tax notes on September 6, 2011, it was contemplated that the City would exercise the call provision to redeem the notes on March 1, 2012 prior to their scheduled maturity date of November 15, 2012.

6. **Consider a resolution authorizing the Interim City Secretary to enter into an election services contract for the administration of a general election, and if needed, a runoff election.**

The proposed contract with Dallas County is to conduct the City of Garland General Election on May 12, 2012 for the purpose of electing Council members for Districts 1, 2, 4, and 5. Due to litigation involving the state redistricting maps, Dallas County Elections Administration Office is unable to provide cost estimates at this time for the May election. Estimated costs should be available within the next few weeks. The City has budgeted \$54,000 for election expenses in the 2011-12 budget. The initial contract payment is due on February 28, 2012.

7. **Consider a resolution authorizing the City Manager to execute an engineering services agreement with Surveying and Mapping, Inc.**

An engineering services agreement with Surveying and Mapping, Inc. in the amount of \$180,000 will provide a boundary and LIDAR survey of the Olinger – Greenville Interchange 138kV Transmission Line Reconstruction Project. The engineering services are necessary as the transmission interchange has reached its serviceable life. The City needs to increase the lines capacity to a larger conductor and complete the extension of communication capabilities by installing fiber optical ground wire.

8. **Consider a resolution authorizing the City Manager to execute a Professional Services Agreement with Burns & McDonnell Engineering Company.**

An engineering services agreement with Burns & McDonnell Engineering Company will provide all engineering design services, construction support, bid assistance, geotechnical investigation services, construction staking, and other engineering services as required to complete the Olinger – Greenville 138kV Interchange Transmission Line Reconstruction Project.

direct any necessary litigation and appeals; requiring reimbursement of cities' rate case expenses; requiring notice of this resolution to the company and legal counsel.

At the February 20, 2012 Work Session, Council was scheduled to consider approving a resolution to extend the effective date of Atmos Mid-Tex's proposed rate increase to give the City time to review the rate filing proposal. The resolution suspends the March 6, 2012 effective date of the rate increase for the maximum period permitted by law to allow the City, working in conjunction with the Atmos Cities Steering Committee, to evaluate the filing, determine whether the filing complies with law, and if lawful to determine what further strategy to pursue.
