

When disaster strikes there are some people out there who are eager to take advantage of unsuspecting victims by promising to do repair work while having their sights set on getting your insurance claim money and leaving you even worse off.

The National Insurance Crime Bureau urges you to work with your insurance company for prompt claims handling of your covered losses. Beware of unsolicited contractors pressuring you to sign a contract or pay in advance.

Remember—if you didn't request it, reject it.

To report insurance fraud, call us at 1-800-TEL-NICB; 1-800-835-6422.
