CHANGE ORDER – JUPITER SHILOH VI RELIEF SEWER

ISSUE

Consider a change order to the construction for the Jupiter Shiloh VI Relief Sewer in the amount of \$70,545.92.

OPTIONS

- A. Authorize staff to pay ARK Contracting services, LLC for the additional work.
- B. Take no action

RECOMMENDATION

Staff recommends Option A. If approved, this item will be placed on the August 6, 2013 Council Agenda.

COUNCIL GOAL

Financially Stable Government with Tax Base that Supports Community Needs
Consistent Delivery of Reliable City Services

BACKGROUND

The City entered into a construction contract with ARK Contracting Services, LLC (ARK) for the Jupiter Shiloh VI Relief Sewer in the amount of \$2,068,928.00.

Part of the construction project included replacing a wastewater main in Miller Road from the railroad crossing just west of Shiloh Road to the middle of the intersection in Shiloh Road. The proposed construction was replacing an existing 12" wastewater main with a 15" wastewater main. The City expected to simply reconnect to an existing manhole in the Shiloh Road and Miller Road intersection.

Once uncovered, the existing manhole was in very poor condition and required full replacement with a larger manhole. The larger diameter manhole allows for better access by the Wastewater Department for routine maintenance.

The construction of the new 8' diameter manhole in the middle of the intersection of Shiloh Road and Miller Road required additional materials, a more complex traffic control and detour plan and also additional days of pumping the raw wastewater around the construction site until the new manhole could be constructed.

The \$70,545.92 is a 3.4% overage from the \$2,068,928.00 contract price.

CONSIDERATION

Staff seeks the Council's approval to pay ARK \$70,545.90 for the additional work.

Conversely, as interest rates fall, the Fair Market Value of a fixed income security will increase. Governmental financial reporting standards require that Fair Market Value and the changes in Fair Market Values be reported in year-end financial statements.

It should be noted that declines of Fair Market Value below Book Value are reported as Unrealized Losses for informational purposes. The City does not realize investment losses because securities are held to maturity.

City Council Item Summary Sheet

Work Session

Date: August 5, 2013

Agenda Item

Downtown Parking Limits

Summary of Request/Problem

Businesses along 7th Street at Main Street have requested that the 3-hour parking restrictions that were enacted in July 2013 be extended to the east side of 7th street adjacent to Main Street.

Since implementation of the 3-hour parking, these spaces have become occupied for most of the day in front of these restaurants resulting in less available parking for lunch patrons.

This limited additional parking restriction also has the support of the Garland Downtown Business Association.

Recommendation/Action Requested and Justification

It is recommended that the parking on the east side of 7th Street from the alley between Avenue A and Main Street to the Alley between Main and State Streets be limited to 3-hour parking from 8 a.m. – 5 p.m. except Saturdays, Sundays, and holidays. If Council concurs, this item will be scheduled for formal consideration at the August 20, 2013 Regular Meeting.

Policy Report

ABANDONMENT OF 15' UTILITY EASEMENT TO PASONS USA, LLC

ISSUE

Consider the abandonment of a 15' Utility Easement located at the rear of 3036 Broadway Blvd. (a.k.a. 805 E. Centerville Rd.) to Pasons USA, LLC.

OPTIONS

1. Approve the abandonment.
2. Do not approve the abandonment.

RECOMMENDATION

Abandon the 15' Utility Easement. If Council concurs with this recommendation, staff will submit a resolution for consideration at the August 20, 2013 Regular Meeting.

COUNCIL GOAL

Sustainable Quality Development and Redevelopment
Financially Stable Government with Tax Base that Supports Community Needs
Consistent Delivery of Reliable City Services

BACKGROUND

1. On May 14, 2007 the City acquired a 15' Utility Easement from Pop Holding, L.P. as a part of the development of Broadway-Popeyes Replat Addition.
2. Broadway-Popeyes Replat Addition is currently being redeveloped as Broadway-Centerville Addition and space is needed in the area of the 15' Utility Easement.

CONSIDERATION

1. As a part of the redevelopment and expansion of this site, the property owner is dedicating to the City additional right-of-way along Centerville Road as consideration for abandonment of the 15' Utility Easement.

2. Abandoning the 15' Utility Easement would help facilitate the redevelopment and expansion of this site.

RESOLUTION NO.

A RESOLUTION OF THE GARLAND CITY COUNCIL SUPPORTING THE SEAMLESS INTERCONNECTIVITY OF HIGH-SPEED RAIL IN TO THE OPERATING TERMINAL AREAS OF THE DALLAS/FORT WORTH INTERNATIONAL AIRPORT, AND PROVIDING AN EFFECTIVE DATE.

WHEREAS, the decisions surrounding the implementation, alignments, and stations for true high-speed intercity passenger rail service in the State of Texas and specifically the Dallas/Fort Worth Metroplex (the “Metroplex”) are some of the most important decisions our generation faces; and

WHEREAS, high-speed rail intercity passenger rail, in excess of 220 miles per hour, properly implemented through private sector funding initiatives - not sharing already congested freight rail corridors, decreasing the speed, efficiency, and safety of the endeavor - will mitigate congestion, create economic development incentives, and open up the State to new opportunities; and

WHEREAS, the Dallas/Fort Worth International Airport is the third busiest airport in the world, with thousands of developer acres, and is the greatest regional economic engine benefiting all citizens, businesses and municipalities throughout the region and Texas; and

WHEREAS, DFWIA has over 150,000 passengers per day passing through on route to other destinations, many of them traveling to cities that would be served by the Texas High-Speed Rail System, the presence of the HSR terminal at the airport would provide an additional traveling option for them, thus increasing the ridership which will further ensure the success of the High-Speed Rail venture; and

WHEREAS, the 2014 expiration of the Wright Amendment governing air travel in the Metroplex will likely usher in significant reductions in short-haul air travel services, it becomes imperative to build and complete the High-Speed Rail system at the earliest possible date; and

WHEREAS, the City of Garland indirectly benefits from the influence and impact of the DFW International Airport and the investments into the area, being located in the eastern portion of the Metroplex and along I-30 where potential high-speed rail investment would greatly increase commerce along the corridor and where commuters to and from the airport would frequent I-30 and the rail connecting the region further east and the Dallas/Fort Worth International Airport; and

WHEREAS, cities, counties, the Metroplex, the State of Texas, and the Federal Government have spent billions of dollars investing in projects of regional significance to maximize the connectivity of the region to the airport, including but not limited to the DFW Connector Project, the SH 183 CDA, the LBJ Express Project, the President George Bush Turnpike the North Tarrant Express Project, the TRE Commuter Rail Service, the DART Orange Line, and the forthcoming TEX Rail and Cotton Belt projects; and

WHEREAS, the direct connection of high-speed rail to the central terminal if the Dallas/Fort Worth International Airport and other airports around the state will enhance the transportation system of the region and Texas; and

WHEREAS, the HSR will be a new venture for the Texas traveling community, providing more options to help make the system economically viable and thus succeed for the long term, it is imperative that business risks be minimized by installing the system at the lowest possible cost, with access to the greatest number of potential passengers; and

WHEREAS, Texas State Senators representing the Dallas/Fort Worth Metroplex have stated strongly their position in favor of having the Dallas/Fort Worth International Airport be the regional hub for all modes of transportation through the seamless connection of high-speed rail to the airport, as the station for the region; and

BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF GARLAND, TEXAS:

Section 1

That the City of Garland fully supports and applauds the efforts of Senator Bob Deuell, Senator John Carona, Senator Jane Nelson, Senator Ken Paxton, and Senator Kelly Hancock to make the right decision for the region by having the connection of high-speed rail for the region be at the Dallas/Fort Worth International Airport.

Section 2

That the Dallas/Fort Worth Metroplex should be connected to the State of Texas through the seamless interconnection of high-speed rail to the terminal areas A and B of the Dallas/Fort Worth International Airport, thereby providing seamless intermodal connectivity not only to the airlines served by the Airport, but also the regional rail system.

Section 3

That the Board of Directors, Management, and Owner Cities of the Dallas/Fort Worth International Airport make every effort to insure that high-speed rail connects to the terminal area A and B of the airport, along the SH 360 corridor from south to north, and take a leadership position in greater regional and statewide discussion concerning high-speed rail service, alignments, and station placement.

Section 4

That the Texas Department of Transportation Commission, Management, and Staff, as well as the North Texas Regional Tollway Authority, the Dallas Area Rapid Transit, the Fort Worth Transportation Authority, and the Regional Transportation Council, should make every effort, through existing high-speed rail study funds, to insure direct high-speed rail connection to the terminal areas of the Dallas/Fort Worth International Airport and supply a truly regional transportation system.

Section 5

That this resolution be adopted and circulated to the Texas Congressional Delegation, the Governor of Texas, members of the Texas Legislature, the Texas Transportation Commission, the Texas Department of Transportation, Cities, Counties, Chambers of Commerce, Economic Development Corporations and Metropolitan Planning Organizations along the federally designated South Central and Gulf Coast High-Speed Rail Corridors, and to the media and others, as is accordingly so ordered.

That this Resolution shall be and become effective immediately upon and after its adoption and approval.

Dallas County & City of Garland Transportation Projects – July 11, 2013

Road & Bridge Funding:

In 2006, I realigned the Road & Bridge office due to local urbanization. Due to the growth of the cities and annexations over the previous years, the unincorporated road miles had dwindled down from 43 to 8 miles (and currently 6.4 miles). For the 28-person crew, jobs were identified within and outside of the county, and the savings from the reorganization created a financial partnership opportunity with our cities. So far, the City of Garland has requested **\$294,050.00** from the county for various Type B road projects, creating a total project value of **\$588,100** in projects. Since FY2007, Road & Bridge District 2 has provided \$4.3 million to leverage \$10.9 million in projects with this funding source.

Major Capital Improvement Program Funding:

Dallas County implemented a Pay-As-You-Go financing policy in 2000 and within that plan is a transportation funding program built on a foundation of partnership with the cities in Dallas County. Once a project is identified by the City, Dallas County can provide up to 50% to fund the same. Dallas County pays its share through a dedicated portion of the tax rate which also pays off any outstanding debt. The fund allows us to pay as we go on projects, as well as pay down debt, which is scheduled to be completely paid off by 2021. For the period of **2000-2016**, Dallas County has committed \$450 million to leverage \$1.07 billion in projects with this funding source.

For the 6th Call project requests which will be selected by the Fall and will encompass the FY2017-2020 period, the citizens of Dallas County should see an additional \$320 million worth of projects on the ground.
