This is a two-sided application. Drivers must read and sign the other side.

LIQUID WASTE HAULER DRIVER'S ACKNOWLEDGEMENT

As the driver of a liquid waste hauler operating in the City of Garland, you are required to obey all city ordinances. It is your responsibility to assist the city staff and to help protect the City's storm sewer system by following the regulations listed below.

1. Liquid waste manifests (trip tickets) are required. Only manifest forms purchased from the Health Department may be used:
 - a. Chemical/Portable toilet companies servicing their own units must submit a monthly report of the service locations, volumes and locations of disposal of all liquid wastes. This document must be received by the Health Department no sooner than the first, but no later than the fifth working day of each month.
 - b. A separate liquid waste manifest (trip ticket) will be provided to each liquid waste generator each time service is provided.
 - i. The **GREEN** copy of the manifest must be provided to the liquid waste generator when service is provided.
 - ii. The **YELLOW** copy must be provided to the operator of the liquid waste disposal site when the waste is discharged.
 - iii. The **PINK** copy must be kept in the offices of the liquid waste hauler and shall be available for review for two (2) years.
 - iv. Within thirty days from the date of original service, the **GOLD** copy must be returned to the liquid waste generator.
 - v. Within thirty days from the date of original service, the original **WHITE** copy must be returned to the City of Garland Health Department.
2. No hazardous wastes, as defined by city codes, may be transported in any vehicle unless the City of Garland Health Department issues an additional, temporary license.
3. All vehicles must be maintained in a "liquid tight" condition.
4. All hoses, pumps and valves must be maintained free of leaks and in proper working condition.
5. Vehicles must be cleaned as often as necessary to prevent odor nuisances.
6. Any spills or releases must be cleaned up using methods that will not contaminate the soil or water.
7. Drivers must exhibit the vehicle's liquid waste hauler's permit upon request by any person.
8. Drivers must exhibit their driver's license upon request by any authorized City representative.
9. Drivers who are found to be operating in violation of the city codes will receive municipal court citations.
10. A photograph of each permitted vehicle and its driver will be included in the official records of the City of Garland Health Department.
11. Failure to comply with any City requirement may result in suspension of the permit.

By my signature I acknowledge that I have read or have had these requirements explained to me. I understand these requirements and agree to abide by all provisions of the Liquid Waste Ordinance of the City of Garland.
